WE WON’T KEEP QUIET IN THE FACE OF ANY SEXUAL HARASSMENT OR AGGRESSION
Sexual assaults and abuse can occur in night-life venues, as well as other areas of the city (in the streets, on public transport, in private facilities and homes).

It is everyone’s responsibility to raise awareness of and respond to such kinds of behaviour, which is why several of the city’s venue halls and festivals, including ours, have joined the “We won't keep quiet” protocol.

This protocol champions free and consensual sexual relations. So if someone tries to infringe upon your freedom, through comments, stalking or groping, or forces you to carry out any sexual act against your will, speak to us, we’ll know how to act.

Let’s enjoy the party and the music!
